ABOUT ACCM AND CAREMANAGEMENT JOURNAL

The Academy of Certified Case Managers (ACCM) is the nation's largest membership organization exclusively for certified case managers and devoted entirely to improving case management practice through education.

CareManagement is the official journal of the Academy of Certified Case Managers (ACCM) and Commission for Case Manager Certification (CCMC).

The journal is published six times a year, with a total circulation of more than 42,000. Each issue contains two primary articles pre-approved by CCMC for a *minimum of four CEU's per issue, including articles to meet the new ethics requirements.*

Board Certified Case Managers (CCMs) need 80 CEUs every 5 years for re-certification. For the past 21 years, *CareManagement* has enabled our members to maintain their certification by offering a source of on-going education and home study.

JOURNAL FEATURES:

- **From the Editor-in-Chief:** Editor-in-Chief, Gary S. Wolfe, champions case managers and calls on them to improve patient care through education, involvement, and team work!
- **Legal Update:** Relevant legal rulings that pertain to case management practice are provided by Elizabeth E. Hogue, a health care attorney and consultant in Washington, D.C.
- **LitScan:** The department reviews medical literature and reports abstracts that are of particular interest to case managers in an easy-to-read format.
- **PharmaFacts:** Read about new drugs just approved by the FDA. Indications, studies that led to approval, contraindications, and adverse effects are included to help case managers in their clinical practice.
- **Certified Case Manager News:** Brief synopses of medical and health news are provided to keep readers up-to-date on important health information that they can use in their practice.

“ A well-prepared case management workforce is essential to better care, lower cost, and healthier patient populations. Thanks for the CEU opportunities. Maintaining my certification has become a valuable learning experience.

—M.H.S. Columbia, SC

DELIVERING YOUR MESSAGE TO CASE MANAGERS—EMPOWERED DECISION MAKERS

Who is today's professional case manager?

Professional case managers are in a position to recommend the products and services you provide.

They...

- ... are patient advocates and work to achieve successful outcomes
- interact with patients, physicians, families, allied medical personnel, and suppliers of health care goods, services, and equipment
- provide patient and family education relating to the patient's condition and therapies
- foster adherence to pharmaceutical and physical therapeutic plans
- answer questions relating to side effects, potential adverse reactions, and other patient/family concerns
- are involved in reimbursement processes

Professional profile of CCMs

Total journal circulation—board certified vs. non-certified

Majority of board certified CCMs have RNs licensure/certification

More than 50% of CCMs have specialty training

CASE MANAGERS— YOUR ALLIES IN HEALTH CARE DELIVERY

Board-certified case manager practice settings:

“ Pharmaceutical company reps rarely visit us. The *PharmaFacts* supplement in *CareManagement* helps keep us up-to-date. I think the pharmaceutical companies are missing a significant opportunity.
—A.J. Los Angeles, CA

”

Purchasing power and influencing authority:

CareManagement readers authorize and/or recommend the purchase of a wide range of health care products and services:

- **85%** all prescribing decisions
- **62%** home infusion/drugs
- **70%** home care services
- **68%** durable medical equipment
- **65%** rehabilitation and sub acute facilities

What our readers tell us:

- **83%+** report that it is important that they learn about new health care technologies
- **85%** report that it is imperative that they stay current about pharmaceutical products
